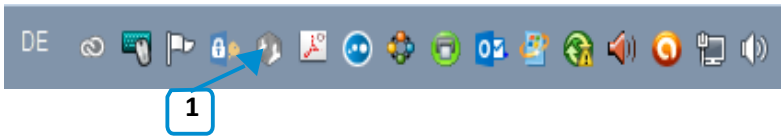
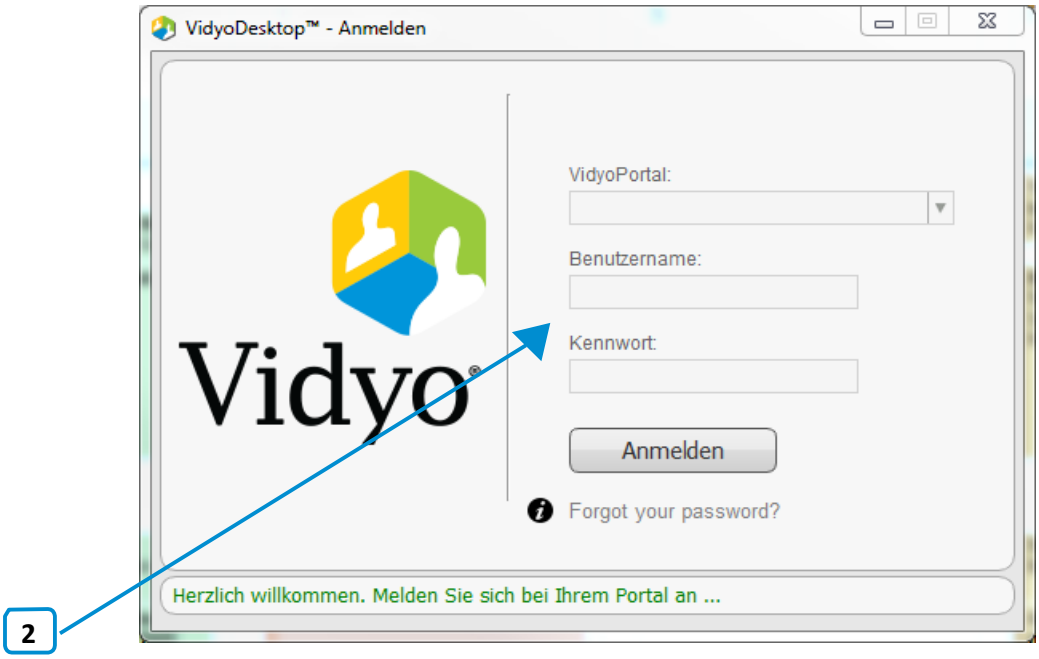
Quick User Guide for Cybermedical (Videoconferencing)

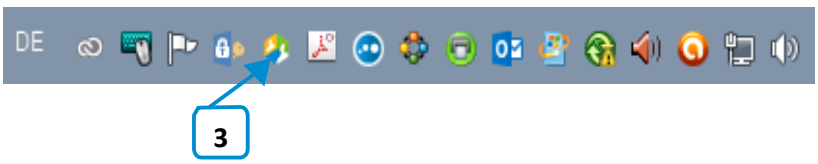
Start Using Video



1. If the Cyberfish-Icon appears grey, you are not signed in. Please start the program with double-click. Now the window opens for the log in.

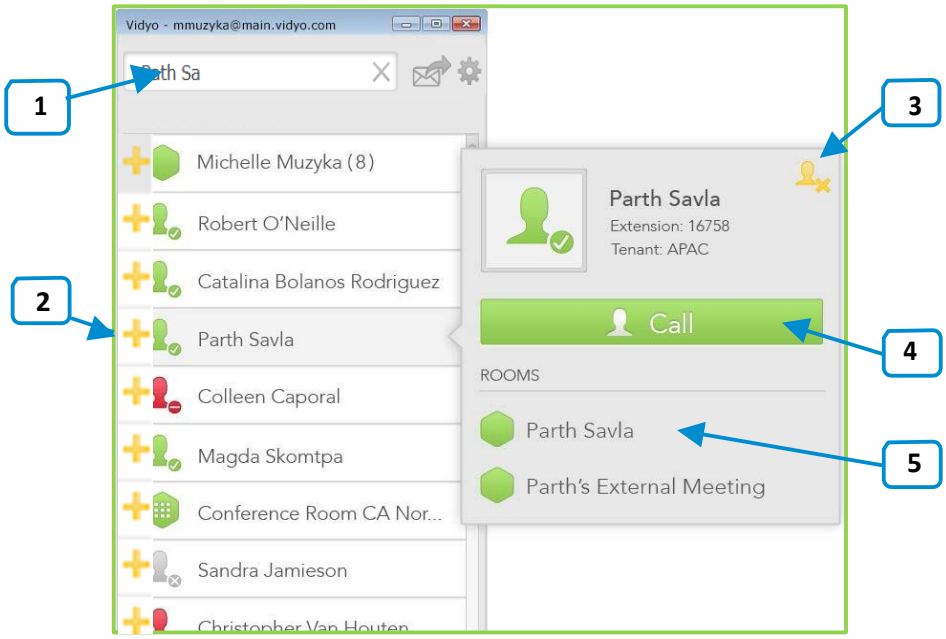


2. Please use the login data written above



3. If the Cyberfish-Icon appears in colour then you are signed in

Making a Direct Call or Joining a Conferencing in Someone Else's Room



1. Enter a name in this text box to search for a contact (Community- Members)
2. Click on the contact to view more information
   If the contact-symbol appears green is the member online and available
   If the contact-symbol appears red is the member busy
   If the contact-symbol appears gray is the member offline
   You add a contact to your contact list with a click on the yellow sign
3. Click this icon to remove this contact from your contact list
4. Click Call to place a direct call to the contact. If this contact is in a busy or offline state, the Call button will be disabled
5. For public rooms, tap the room to view more information about the public room or join the public room. You cannot make a direct cal to a public room. (It is important to fix a time and the public room to meet up with other memebers)
